HOW RHYTHM REACHES THE BRAIN

A clear four-stage teaching pathway

FOUR-STAGE NEURAL PATHWAY

01

SOUND

Waves enter the ear

02

MIDDLE EAR

Eardrum transmits the vibration

03

COCHLEA

Vibration becomes nerve signals

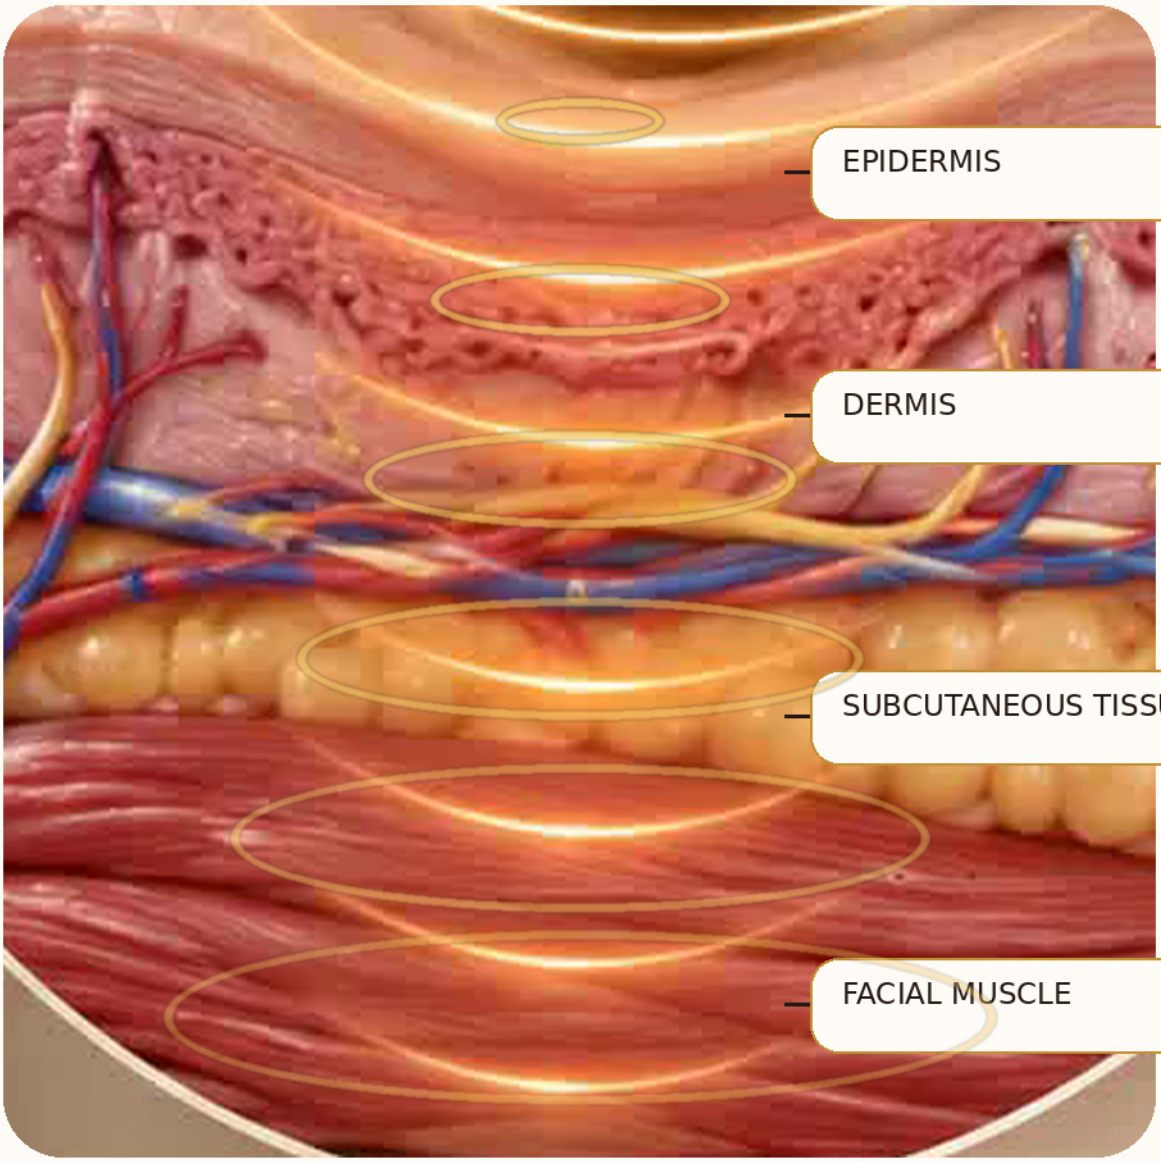

04

AUDITORY NERVE

Signals travel to the brain

SKIN STRUCTURE & VIBRATION

A large square view for clear teaching

HOW VIBRATION WORKS WITH THE SKIN

01 **RHYTHMIC WAVES**

Wooden tapping creates steady, controlled vibration

02 **THROUGH THE TISSUE**

Vibration moves through skin and soft tissue toward muscles

03 **RELAXATION & FLOW**

May support muscle relaxation and blood and lymphatic flow

Gentle pressure depends on trained control - individual responses vary

KEY WELLNESS BENEFITS

Balanced, clear language without overstated claims

01 SKIN TEXTURE

Supports a smoother, refreshed appearance

02 COLLAGEN SUPPORT

Enhance collagen function.

03 BLOOD CIRCULATION

Encourages blood flow in the treated area

04 RELAXATION

Sound and rhythm may support calm

SOUND + RHYTHM + TOUCH + VIBRATION

These elements work together as one wellness experience

Individual experiences vary
